

Adeboye O. Qudus

Frontend Developer

Lagos,Nigeria (open to remote)

EXPERIENCE

React Developer Intern COIN-PAY (REMOTE, KAMPALA UGANDA)

NOV 2022 – FEB 2023

- Collaborated on sprint planning and designed front-end architectures for enterprise-level features.
- Built UI components using React, Next.js, TypeScript, and Tailwind CSS.
- Gathered requirements and contributed to internal tooling projects in an agile team.

Frontend Developer Intern FEDERAL SCHOOL OF SURVEYING, OYO STATE

FEB 2024 – MAY 2024

- Maintained and improved a University Management System.
- Built student profile, course registration, and fee payment modules end-to-end.

Software Developer Intern EGOLEPAY LIMITED , YABA LAGOS.

AUG 2025 – PRESENT

- Built and maintained the Epawoo merchant dashboard — including merchant gateway management and cash pickup workflows.
- Consumed and integrated REST APIs for core payment and merchant onboarding flows.
- Implemented client-side payload encryption for sensitive login and payment endpoints, protecting financial data in transit.
- Collaborated with backend engineers to ensure secure, reliable end-to-end transaction handling.

PROJECTS

Fashi — E-commerce Platform

WEB APP · REACT, TAILWIND CSS, STRIPE, REST APIS

[View](#)

- Built a fashion store with product search, cart system, and Stripe payment integration end-to-end.

Epawoo — Merchant Dashboard

WEB APP · REACT, TYPESCRIPT, REST APIS

[View](#)

- Built a secure React merchant portal featuring a 4-phase KYC onboarding flow, terminal/agent management, and PIN-verified bank payouts.
- Implemented centralized API error handling and environment-driven payload encryption for highly sensitive login and financial endpoints.

YumQuick — Food Delivery App

ANDROID APP + ADMIN DASHBOARD · KOTLIN, JETPACK COMPOSE, REACT, FIREBASE

[View](#)

- Native Android food ordering app with wallet-based payments (₦50,000 provisioned per user) and a web admin dashboard.

TravelSafe — Travel Booking Platform

ANDROID APP + WEB + ADMIN DASHBOARD · KOTLIN, JETPACK COMPOSE, REACT

In Progress

- Booking platform for hotels, flights, car rentals, and attractions — across mobile, web, and admin.

PROFESSIONAL SUMMARY

Frontend Developer with 2+ year of experience shipping React and Next.js applications — from e-commerce platforms with payment integration to mobile apps and management dashboards. Comfortable with full-stack context (Node.js, PostgreSQL) and passionate about clean, performant UIs.
